On-Screen Announcements

Your On-Screen Announcement can be either a still image or an animated PowerPoint sequence, which must be 10" wide x 4.9" high, approximately a 2:1 ratio. High resolution artwork—300 dpi or above—is preferred. PDF and JPEG files are both acceptable formats for artwork or slides. If you would like to take advantage of BMFI's design team, two hours of production time is included in every sponsorship.

On a 10" wide x 4.9" high slide, font sizes 24 to 32 point work best for most text. The smallest font size legible from the back of the theater is size 16 point.
